# Prompt, efficient services for all your shipping needs

GAC's presence throughout the United States has grown quickly since our establishment in 2002. Nationwide, we have local experts with the global resources to provide a suite of services that goes above and beyond traditional ship agency, including specialized husbandry, ship spares, delivery, crew matters and repairs.

## Strong relationships

We have strong relationships with both public and private sectors. Our clients, as well as port authorities, government agencies, surveyors, stevedores and marine related companies, know they can trust GAC.

## Non-stop service

We are driven by the need for speed and efficiency in handling every port call. Critical services we deliver include eNOA and AMS

filings and working with the necessary parties to ensure ships are cleared and ready to enter the port.

GAC's detailed knowledge of local regulations enables us to help Principals control time-related port costs.

## Diverse capabilities

GAC is ready, willing and able to handle your business 24/7. We are qualified to handle any aspect of the offshore segment such as mobilizations, demobilizations, offshore support and crew transfers.

## Advanced IT systems

Our business-driven IT applications give you the latest port news, voyage information and operations updates.

- Highest quality, safety and compliance standards
- Strict adherence to GAC Group Healthy, Safety, Security and Environment (HSSE) policies
- DNV ISO 9001:2008 certified
