Whatever your market, you need reliable end-to-end logistics and warehousing solutions. We meet that requirement with a wide range of services to help deliver the best results for your business.

Delivering your strategy.

From Foreign Trade Zone and customs clearance, to time sensitive deliveries of products, we have what it takes to meet all your global logistics needs.

GAC North America serves a broad range of local and international manufacturers and distributors in sectors such as consumer goods, automotive, project logistics, ship spares as well as energy including oil & gas and renewables.

Our team of professionals has the expertise, experience and resources to deliver freight forwarding and specialised logistics solutions covering global supply chain services.

Integrated solutions

GAC's state-of-the-art Houston facility covers 180,000 square feet of warehousing and office space plus 4.5 acres of open-air paved storage area. The entire infrastructure is covered under a Foreign Trade Zone (FTZ) status providing our clients with cost savings solutions and relevant tax advantages.

We provide a unique range of integrated services including customs brokerage, shipping, logistics, warehousing, materials management, marine and other related solutions.

From origin to destination, our information technology system GACFreight allows tracking of each item shipped or stored under our care.

Full service

Our expertise in managing the complex logistics requirements of turnkey projects enables us to serve major energy and production operators around the world.

Looking for multiple solutions for your oversized cargo? Does your breakbulk cargo require temporary storage, packaging or time sensitive transportation? Think GAC. We are your primary source for all your logistics needs, delivering optimal results.

We accommodate shipments of any size, shape or weight as well as critical spare parts and goods which require special handling equipment or an escort including but not limited to hand carries.
