

GAC Sri Lanka Project Logistics

**The muscle to move any project cargo locally
and globally**

Big projects mean the transportation of big, heavy and sometimes out-of-gauge parts. Moving such shipments takes skill, experience and the right equipment.

With GAC Group's global network and solid track record in developing and executing complex project logistics solutions, we are the partner with whom you can entrust your load.

Delivering your strategy.

The highest standards of quality, business ethics and safety drive everything we do

Ethics and compliance

GAC Group is committed to quality, safety, compliance, honesty and transparency in everything we do.

Our operations are in full compliance with the Group's strict compliance and ethics policies – underpinned by the GAC Code of Ethics.

The Group's global reach provides security through one company control, ensuring strict quality, HSSE and compliance implementation throughout the project life.

Commitment, flexibility and experience are central to the GAC approach to every project, whether it is a single shipment or a global Engineering / Procurement / Contracting (EPC) contract.

Established in 1991, GAC Sri Lanka is part of the GAC Group, a global shipping, logistics and marine services provider. We provide the muscle to shoulder any project cargo movement from the source to the destination.
