

GAC Greece Ship Lay-Up Services

Complete, cost-efficient lay-up solutions for your hot or cold stacked vessels in Greek waters

Greece has a rich maritime history and remains an active player in international shipping, including lay-ups for idle vessels. GAC Greece offers a range of husbandry, towage and ship spares at lay-up sites throughout the country, as well as bunker fuel supplies, maintenance and hull cleaning at selected locations.

We put our in-depth local know-how and the global reach and resources of the GAC Group at your disposal.

Delivering your strategy.
