

GAC Greece Shipping Services

Complete coverage of ports nationwide

Greece has a rich maritime history and remains a major nautical centre and active player in international shipping.

GAC Greece helps you achieve a bigger slice of the action - whether it's traditional ship agency or specialist services for bunkers, spares and provisions. We provide a complete range of agency and husbandry services to all types of vessels calling at the country's ports. Our network of carefully selected sub-agents ensure that you receive the support you need to keep your vessel moving.

GAC Greece puts its in-depth local know-how and the global reach and resources of the global GAC Group at your disposal.

Delivering your strategy.

Keep your business moving

Operations are coordinated from our head office in Piraeus - one of the Mediterranean's biggest ports - and branch offices in the northern port Thessaloniki and at Athens International Airport. A full range of supply chain solutions is available to meet all your logistics and distribution needs.

Code of conduct

GAC Greece is committed to safe and ethical business as demonstrated by the GAC Code of Ethics, Health, Safety, Security & Environment (HSSE) and Anti-Bribery & Corruption policies.
