Discover the strength of our resources, expertise and integrated services to keep your cruise business moving.

Delivering your strategy.

From the Black Sea to the warm waters of the Mediterranean, GAC Turkey has the insight, resources and services to take care of all the details of your port call, so you can focus on giving your passengers a cruise to remember.

As part of the global GAC Group, GAC Turkey goes beyond the basics to meet the needs of cruise operators, tirelessly delivering whatever you need.

We are on the scene wherever you dock - in traditional cruise ship destinations as well as new or unusual ports of call. GAC Turkey has the reach and resources to create a memorable experience.

Alongside

Our local offices work with reputable shore excursion specialists and reliable local suppliers, to ensure that all your needs can be met.

Our focus is to provide optimal port handling calls whilst interacting closely with you to deliver a tailor-made response to all your needs.

Star quality local knowledge

Planning is a must for trouble-free cruising.

We draw on local expertise and contacts to offer expert assistance in cruise itinerary planning.

GAC Turkey's cruise operations focus on advance information, as well as more near-term arrangements ahead of your vessel's arrival.

World-class support

We provide expert assistance for all your port call needs, including immigration and security advice, berthing arrangements, tugs and pilots, delivery of fresh water, bunkers and ships spares.

Safe and sound

All our operations are in line with the GAC Group's Compliance & Ethics and Health, Safety, Security and Environment requirements.

FAST, EFFICIENT IMMIGRATION CLEARANCE

Maximise your time and cost efficiency

GAC Turkey's excellent relations with all relevant authorities and contacts in the local cruise industry help smooth the way for efficient immigration clearance for passengers and crew.

We take care of the details so that your passengers can disembark and enjoy their shore side experience without delay.
