

The value of our logistics adds up

Network + expertise = your strategy delivered

Delivering your strategy.

Logistics strategies to keep you on track for growth

Logistics is all about deadlines. Customers want their goods yesterday. Delivering them in good shape, on time and on budget is what we do. The GAC Logistics equation of global reach, expertise, experience and deep knowledge of your business is the answer to your logistics challenges in thousands of locations worldwide.

For more than half a century, GAC Logistics has been creatively developing and executing innovative solutions for diverse customers with unique needs. Our flexible, far-reaching logistics portfolio gives you the strategic advantage in today's intensely competitive global marketplace.

Spanning the world's major trade lanes, our integrated network covers efficient multi-modal transport and gives you access to modern storage and transport facilities in key locations. All backed by robust technology for freight tracking through to warehouse management.

GAC Logistics means more than just expert global coverage. We stand for end-to-end accountability to and from any point on the globe – committed to sustainability, quality, safety, security and compliance in everything we do. Our formalised approach and strict principles set the standard in many sectors.

Whatever your logistics needs, our highly skilled teams do the math at local, national, regional and international level to grow your business. With GAC as your strategic partner, you can make one call to us, then rest easy.

 Global logistics network serving thousands of locations worldwide

 Full range of innovative logistics services for a diverse set of clients

 Economies of scale due to efficient centralised freight purchasing

 Strict compliance with global security, safety standards as well as international regulations

 Advanced IT systems in freight tracking and warehouse management

Project Logistics

Whether you're looking to shift a single super-sized shipment or manage many for an ongoing project – by road, sea, air or all of the above, think GAC. We've got what it takes to do the heavy lifting for you safely, efficiently and with minimum fuss. It takes a special kind of strength to deliver your project logistics needs. We have those muscles.

Contract Logistics

Trust us with your warehousing and value-added operations to enjoy end-to-end service tailored to your needs, and free up your own resources to focus on your core business.

Air Freight

Getting your goods delivered fast and without compromising on price and services is what our global air freight service is all about. Partnerships with major carriers enable priority access and competitive rates.

Supply Chain Management

Maximise your supply chain performance with reduced capital investment and flexible responses to market changes by outsourcing your logistics and supply chain needs to us.

International Moving

It's personal. This isn't just stuff. These are valued parts of your life. If you're moving home or office, let us take the strain for you. Experienced and reliable, we don't just move your stuff, we deliver peace of mind.

Clearing & Forwarding

Customs clearance can be a headache. GAC's local experts provide the cure by guiding your goods through even the most complex of procedures efficiently with our local expertise and knowledge.

Sea Freight

Choose the best solution for your sea freight requirements worldwide from GAC's range of groupage (LCL) or full-container-load (FCL) services.

Ship Spares Logistics

Time is money, and we help you save both with single-source, door-to-deck deliveries of time-critical parts and spares. Anytime. Anywhere.

Energy Logistics

Energy is tough business. One that needs flexible integrated solutions that meet stringent safety and quality standards. Time and money are precious. Logistics expertise, offshore support, agency services – it takes global coverage, experience, know-how and willpower because that's what you demand.

Pick and mix services for all your logistics needs

Whether you're in aerospace, FMCG, offshore, sports or events, you need a logistics partner that you can rely on. GAC is that partner.

Delivering your strategy

GAC Logistics is more than just a service provider – we're in the business to grow yours. As your strategic partner, beyond where you need us, we help you achieve what you set out to do. In more than 50 countries, you will find dedicated GAC professionals ready and raring to deliver results that give your business the competitive edge with:

- Integrated global network providing logistics solutions at thousands of locations worldwide
- Full range of flexible services tailored to your needs, no matter what business you're in
- Half a century of shipping, logistics and marine experience
- Proven track record in serving diverse sectors with unique needs
- State-of-the-art warehousing and distribution facilities at key locations worldwide
- Centralised freight purchasing giving economies of scale
- Transparency and efficiency with advanced IT systems in freight tracking and warehousing management
- Strict compliance to global security and safety standards, as well as international regulations
- Committed to sustainability, quality, compliance, transparency and honesty in everything we do
