Delivering your strategy.

Commitment, skill, drive, passion, planning, coordination and teamwork are vital for sporting success. They're also what drives us at GAC UK Sports & Events.

Critical success factors

Logistics is key to what goes on before, during and after an event. Ensuring every piece of equipment, every spare part arrives safely, at the right place and at the right time – these are the critical success factors in sports events everywhere from Silverstone to Singapore, Brazil to Bahrain.

Leading the field

We have a proven track record as official logistics provider to The Ocean Race for a record three times. We apply that expertise to meet the complex, time-critical logistics demands of any sport or event.

Logistics for the round-the-world Ocean Race requires a monumental two-year management programme, a seamless support package and a dedicated team of individuals. They coordinate the shipment of event supplies, team spares, broadcast equipment and more to multiple

international stops within a limited time frame and respond to urgent requirements to ensure stricken teams can complete the race after disaster.

In motorsport, the FIA World Rallycross Championship entrusted us with the first ever airfreight charter of 19 rallycross cars from Canada to Norway.

GAC has also been charged with the complex logistics management for world-class events such as the Doha Asian Games, MotoGP, Offshore Powerboat Grand Prix and Powerboat 1.

Here for the long haul

Our team nurtures long-term relationships with customers and partners, and we are dedicated to providing the most cost-effective and time-efficient solutions to meet your needs.

Sporting outreach

GAC sponsors professional golfers competing in The European Tour, The Ladies European Tour and the Asian Golf Tour. GAC UK is a sponsor of Aberdeen Football Club Women's Team.
