

GAC Dry Bulk Services

Enjoy seamless, efficient global port calls with GAC

GAC has a proven track record of more than 50 years serving dry bulk players around the world. Today, we provide unparalleled expertise and experience delivering professional ship agency services for a wide range of dry bulk markets.

Whatever your cargo – from grains, coal, ores, sugar or fertilisers through to cement, steel, minerals and scrap metals – you can tap into our global network and local know-how to achieve optimal vessel turnaround at both load and discharge ports.

By using our custom-built port operations and shipping software GACagent, we ensure that the changing needs of vessels in port can be accommodated, whilst providing you with constant and reliable status reports.

Delivering your strategy.

Whatever your cargo and wherever your port of call, if you are looking to reduce time and money spent, GAC is the global agent you need.

The GAC advantage

- Global end-to-end coverage capable of handling vessels at both origin and destination ports
- Over half a century of experience serving global dry bulk markets
- 24/7 operations backed by in-depth local expertise for fast and efficient turnaround
- Short lead-times for final disbursements
- Modern, effective IT solutions
- Strict Health, Safety, Security and Environment (HSSE) compliance
- Excellent relations with both public and private sectors of the shipping industry
- Reliable market and port intelligence

As your strategic partner, we strive to help you optimise time and cost efficiency. Our Disbursement Account (D/A) management services - offered on a global or regional basis - reduce your administration, enabling you to concentrate on the vessel and cargo operations.

To further support efficient dry bulk operations planning, our free daily intelligence service Hot Port News is a trusted source of the latest news on port conditions worldwide.

24/7 support,
anytime,
anywhere.
