

GAC Bunker Fuels

GAC Bunker Fuels (GBF) is your go-to Bunker Fuels Specialist and the only bunkering company with an integrated ISO 9001, 14001 and 45001 certification for the process of bunker procurement. This ensures the same standard of operational excellence 24/7, around the world. We are focused on establishing long-term relationships with our customers and helping them to reduce bunkering operations related risks and costs.

We can undertake the following on your behalf:

- ISO-approved Supplier Vetting Process
- Utilise economies of scale in procurement for cost-effective prices
- Voyage plans for your fleet
- Coordinate with our GAC agency and logistics teams to streamline procurement and minimise downtime

GAC Bunker Fuels has a proven track record of delivering quality bunker fuels to the GAC Group's customers for over 30 years; we do not speculate or take risks. Our traders are not incentivised to generate money from bunker trading as our aim is to provide a service to GAC's customers. GBF is also TRACE (anti-bribery) certified.

GBF is part of the GAC Group, one of the world's largest provider of integrated shipping, logistics and marine services. Established since 1956, the privately-owned group employs over 7,500 people in more than 300 offices worldwide. Over the past 60 years, GAC has built a strong asset base and financial strength across the world.

OPERATIONAL EXCELLENCE

We know that time is money. Bunkers must be delivered on spec and on time. We ensure smooth coordination of the delivery with the agent to prevent delays or possible demurrage. Our strict supplier vetting procedures are in accordance with the GAC standard. That is the key to our enviable HSSE record.

GLOBAL REACH

Our hubs at strategic bunkering locations is part of the GAC Group's global network. We have access to agency and logistics offices in more than 50 countries worldwide. This means that we have someone on the ground to oversee your supply wherever you go - not just behind a desk, but at the front line providing full operational support. It's that global reach and local expertise that enable us to be there for you around the clock, around the world.

INTEGRATED SERVICES

We give our customers a single point of contact for shipping, logistics and marine solutions. From ship spares and lubricants delivery, ship agency, crew changes to maritime training and last mile services for bunkers, we can be your link to the world of GAC services. You can also achieve fuel efficiency and cost savings by combining bunker fuels, hull cleaning and hub agency services.

STRICT ADHERENCE TO COMPLIANCE

GAC Compliance and Ethics comprises GAC policies which provide guidance on how we conduct our business and put our ethics and values into practice. Our approach is underpinned by the GAC Code of Ethics and GAC Spirit, and overseen by the GAC Group Compliance Team.

GAC staff must comply with the Group Compliance and Ethics policies, to provide the highest standards to everything we do. All staff receive relevant training through the GAC Compliance and Ethics Course offered by the GAC Corporate Academy (GCA).
