

GAC Energy

A full spectrum of logistics, shipping and marine solutions for the energy sector

From seismic exploration to offshore windfarm installation, you can count on GAC Energy's technical expertise, global network and experience covering the entire energy spectrum.

We've been serving the energy sector for 60 years, so you can trust us to take care of the details while you take care of your business.

Delivering your strategy.

It takes a special skillset and stamina to keep energy sector industries running smoothly and efficiently – and GAC Energy has what it takes.

We draw on the GAC Group's global experience and expertise in core supply chain, offshore and agency services to create the perfect package for your energy business. Our 360° support for the sector ranges from supply bases and PO management to heavy lifts and HazMat handling, and anything in between. You can rely on our technical muscle to deliver fully integrated, professional, ethical and safe support for your supply chain and offshore operations.

GAC Energy understands the role of data in reducing costs. Our in-house apps give you 24/7 real time visibility of shipments and seamless integrating with your Enterprise Resource Planning (ERP) programs.

Reducing costs and speeding up milestone lead times has never been easier. Dwell times, KPIs (by shipment mode, product, destination and more) come as standard – all with just a few clicks of a mouse.

Seamless supply chain

Whether it's the transportation of a drill pipe to a land-based yard, getting wind turbines to onshore or offshore destinations, rig mobilisation, agency services for supplies and personnel, or delivering specialised heavy equipment and spare parts through an integrated supply chain, GAC Energy delivers – on time, on budget, from vendor to vessel deck, rig floor or any other destination, no matter how remote.

You can count on our wealth of experience in running regional consolidation centres and

supply bases supporting enormous global projects. Purchase Order management, collection and transport, packing/crating, freight services, warehousing, customs clearance – we take it all in our stride all day, every day.

Global network

Wherever in the world demand for energy takes you, GAC is there supporting you from strategic bases in global energy hubs.

GAC Offshore Agency Services, based in Aberdeen, focuses on the specific upstream, offshore needs of GAC's clients, from seismic surveys to windfarm and tidal installation support. Our Global Hub Agency team supports many of the world's leading energy companies on a regional and global basis, providing ship agency and related services from one location.

Ethics and safety

Our operations are in full adherence with the Group's strict compliance and ethics policies, underpinned by the GAC Code of Ethics. This includes anti-corruption regulations such as US Foreign Corrupt Practices Act (FCPA) and the UK Bribery Act 2010 and zero incidents policies.

The Group's global reach provides security through one company control, ensuring strict quality, Health, Safety, Security, Environment (HSSE) and compliance implementation throughout entire projects.
