

GAC Qatar Project Logistics Services

We have the muscle and know-how to move any project cargo, anywhere.

With the GAC Group's global network and our solid track record in executing complete project cargo moves, you can trust us with any load.

We have the skills, experience and equipment to ensure safe and timely delivery of your cargo locally and globally, from a 35-ton tram to an 80-ton heat boiler for an energy project.

Delivering your strategy.

Dedicated team delivering time-definite logistics services

All GAC Qatar operations are conducted with a strong focus on minimising risks and costs, optimising resources and meeting deadlines.

Whether it's a single domestic delivery or a complex, multi-shipment and multi-modal job, our integrated service package meets your every need. From handling the customs formalities of cargo to transporting them to our 130,000 sqm open yard and 26,500 sqm covered warehouse for storage.

We provide assistance for any complex project requirements that require air or vessel charter services.

Our complete transportation solutions start from detailed planning through to cost-efficient final delivery with strict Health, Safety, Security & Environment (HSSE) compliance.

Complete package

With a dedicated team assigned to each account, we assure you of meticulous handling at every step of the process and prompt attention to all your needs.

The GAC Qatar advantage

- Handles largest volume of temporary imports and ATA Carnets in Qatar
- Customs clearance team with 25 staff covering all Qatari ports
- Global logistics network with dedicated specialists
- Over 40 years of expertise serving the Qatari market
- One of the top three customs clearance agents in Qatar
- 24/7 operations
- Economies of scale due to efficient centralised freight purchasing
- Modern, effective IT solutions
- Strict HSSE compliance

Our complete solutions include:

- Site survey and feasibility studies (routes, weather, political climate)
- Computer aided loading plans
- Full / part charter parties (air charters, time/ voyage charters)
- Multi-modal transport (rail, tug & barge, heavy lift)
- Special equipment transport (flat racks, open tops, platforms, tween deck solutions)
- Freight negotiation (COA negotiation, long term rate validities)
- Administrative support (customs clearance, trade documentation)
- In-house flexible IT solutions and tracking and tracing
- Contingency planning
